TECHNICAL SKILLS

- **Languages:** Java, Python, JavaScript, HTML5, CSS3
- **Frameworks & Libraries:** Django, Bootstrap
- **Databases:** MySQL
- **Developer Tools:** Git, GitHub, VS Code, MySQL Workbench

PROJECTS

Full Stack Web App | Python, Django, MySQL, JS

- Designed and deployed a responsive web application featuring a dynamic frontend and a secure relational database backend.
- Built robust RESTful APIs using Django to manage seamless data communication and dynamic user state execution.

Automated Web Security Scanner | Python, MySQL

- Developed a command-line automated security testing tool in Python to identify critical web vulnerabilities.
- Implemented custom parsing logic to systematically crawl HTML pages and isolate target user input entry points.
